### On June 25, 2024 - Construction Timeline Announced for Community Health Centre in Petitcodiac

THREE RIVERS (GNB) - Construction is scheduled to begin early next year on a new community health centre in Three Rivers (Petitcodiac district), which will replace the existing one.

The project is currently in the design phase, with tenders expected to be issued this fall. The new centre will be built next to the current centre on Railway Street, offering a larger and more modern space.

"This investment in a new community health centre supports the government's efforts to improve access

to quality health-care services," said Health Minister Bruce Fitch. "This means residents will have access to improved care and our health professionals will have access to a modernized and more functional workspace equipped to provide safe and quality care."

The government has committed \$21 million to the project.

"Our government is taking concrete action to improve the quality of health care in New Brunswick," said Transportation and Infrastructure... *con't on page 5*

### Amphitheatre to be Constructed in Highland Park, Salisbury, NB

The Town of Salisbury will see a number of improvements to Highland Park after a combined investment from each level of government and community partners. The series of projects and capital investments at the park are intended to celebrate a community anniversary and promote opportunities for community gatherings, enhance tourism potential, and provide amenities for arts and culture opportunities.

In 2024, the Town of Salisbury is celebrating the 250th anniversary of permanent settlement in the region. To recognize this milestone, the Town will undertake several improvements at Highland Park, including:

- The construction of an amphitheatre, intended to enhance year-round event opportunities, provide a community gathering space to showcase local arts and culture, and enhance the amenities at Highland Park. This amphitheatre will include a commemorative plaque paying tribute to the community anniversary (in English, French, and Mi'kmaq), accessible seating areas and

ramp access to the stage, and a heated storage building;

- The installation of a public art mural, designed by local artists, that will pay tribute to the region's natural and ecological history. It will feature seven species of plants and seven species of birds, paying tribute to the Indigenous principle of planning for seven generations in recognition of the ongoing partnership between the Town and Fort Folly Habitat Recovery at Highland Park and the additional partnership with Fort Folly First Nation on this project and community anniversary;

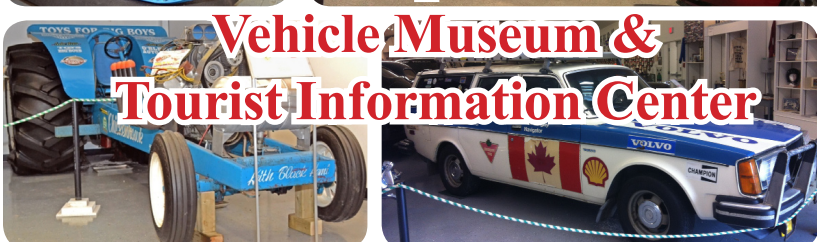

- The installation of underground electrical bollards at the upper level of the park, which will increase the Town's ability to both enhance existing year-round events and introduce new offerings;

- The acquisition of over 1.5 acres of... *con't on page 25*

## From the Editor

It is hard to believe that we are already at August and there are so many things to do: the Westmorland County Agricultural Fair in Petitcodiac; Community Days in Salisbury and Elgin; then there are the stockcar races at Petty International on the 3rd and 17, River Glade Speedway 22, 23, 24. Speedway 660 the 10th, 17, 30, 31; Havelock Fire Department is celebrating the 75th anniversary by hosting an "open house" on August 4th, at the Havelock Fire Department from 2-6, lots of fun things, also fireworks starting at dusk.

New Brunswick Day is celebrated on Monday, August 5th, again there will be lots to do.

Our gardens will need to be harvested, time to get the children ready for back to school, and I could go on, but you know what you have to do.

A little fact that I came across - did you know that Canada has more lakes than any other country? There are over 2 million lakes covering about 8 percent of Canada's land area. You should be able to find a lake to go fishing. New Brunswick has 2,500 lakes of its own. Albert County has one, Westmorland County has two, while Kings County has fourteen, these are the one's that are named.

Do enjoy your month of August!

A new location has been set up to donate refundables. This will be on a trial basis to see how it goes. If people respect the drop off location and follow rules posted on bins, we will be able to continue.

Dave Watson has generously offered to manage this pilot project and would welcome additional volunteers! Recyclables will be collected and taken to a redemption centre for refund. Monies collected will be donated to a non-profit organization, group, or project.

## The Community of Three Rivers Celebrates Canada Day!

A wonderful evening was spent in Petitcodiac on July 1st celebrating our Nations's birthday as the Community of Three Rivers hosted the Canada Day Block Party.

As always, it could not have done without the support of businesses and community groups.

Thank you to Burgess Transportation for the use of the Trailer, Rising Stars Daycare for the use of their power, Royal Canadian Legion Branch # 41 Petitcodiac, NB for a fabulous beer garden, the talented Julie Mazerole for face painting and Janice & Bill Conley for their balloon Animals!

The tasty treats provided by Westmorland County Ag Fair, Tanya Rideout, Zanna's Cafe, Lennox's Lemonade and Frozen Faves Snow cones.

Great performances by Mr. Mark, Colin Colford, AKA Dance Studio and Star Sixty\*Nine.

And most importantly all those who attended the events! Thank you for supporting local and we cannot wait to see you at the next one!

**Mud, Sweat and Cheers: Maple Street Park  
Petitcodiac Hosts Whose Ur Mudder**

June 15th, 2024 - Maple Street Park was host to 55 participants who took part in the Whose Ur Mudder Obstacle and Mud Challenge. Competitors navigated a series of obstacles including clambering over a car, army crawling through mud, scrambling over boulders and hay bales, wading through a pit of muddy water, scaling a climbing wall, squeezing through a fireman's window and sliding down a water slide.

The event was divided in two segments; a fun team challenge and an individual competitive challenge for those wanting to test their limits. There were 16 teams in the fun challenge and 12 individuals in the competitive event with 1st, 2nd and 3rd place winners.

A heartfelt thank you goes out to the sponsors whose generous contributions helped make the event a great success; Pepsi, Champlain Dental, Mallard Transport, Brunswick Credit Union, Jean Coutu, Small River Massage, Imperial Insurance, EXP Realty - Janie Corlett, FYI Optometrist, Kent - Petitcodiac, Task Crafts, Foodland, Needs, Three Rivers Bakery, Great Canadian Dollar Store, Reg Wynes, Clear Choice - Jimmy and Catherine Hamilton, MEG Drilling - Sean & Marsha McQuinn, Stephen Crandall and Burgess Transportation Services.

Special thanks to DJ Connor Stewart for providing lively music, Matt's Pizza to Go for delicious food,

Elaine Gilmore and Hayley Lam for first aid services, MC Vicky Crossman for keeping the event engaging and The Community of Three Rivers for course set up and administrative support.

And thank you to the 100+ people who came to volunteer, participate or cheer on family and friends. This was a great opportunity for fun, fitness, and community camaraderie!

...Minister Richard Ames. "I am proud to be involved in helping move this important project forward."

The new centre will house administration, nursing resources, medical services and allied health services. Construction is expected to be finished in early 2026 and is being planned to ensure minimal disruptions to patient care.

"I have no doubt that this state-of-the-art community health centre will serve as a true health-care hub for the people of Petitcodiac and the surrounding area for many years to come," said Margaret Melanson,

president and CEO of Horizon Health Network. "Horizon is committed to ensuring that New Brunswickers can access primary care services in a timely and convenient manner, taking a modernized, team-based approach. This new facility will provide access to primary care provided by a team of health-care professionals, not just one provider. This will ensure the most efficient, co-ordinated and sustainable services to support the needs of our local communities."

The facility will adopt the collaborative care model outlined in the recently released primary health care action plan.

**Main Street in Petitcodiac gets a fresh floral makeover.** The flower beds along Main Street have undergone a transformation, bringing a breath of fresh air to the heart of the village. This project was skillfully designed and executed by Meadowbrook Holistic Farm from Pleasant Vale, Elgin.

The last time these flower beds were redone was in 1998, marking 26 years since their previous update. Although it will take a couple of years for the plants to fully mature and achieve their best appearance, the current makeover will enhance the community for years to come

### Petitcodiac Library Update

Dear Friends and Neighbors,

For me and many others, the summer means catching up on some reading! However, this is the first summer without our public library and people are likely feeling the void (I know that I am). While it may seem like nothing is happening, I want to assure you that progress is being made toward our new library home and many hands are working behind the scenes.

Last fall, when the library doors closed, it wasn't just the end of an era—it was the beginning of a promising new chapter. Your municipal leaders, the

library board, and provincial library staff have been diligently working to ensure that our library returns and does so with enhanced facilities and resources.

As is common knowledge by now, the municipality has successfully acquired the historic United Church on Church Street intending to retrofit it as a home for our library. As a library board, we are deeply grateful to the congregation and church leaders for recognizing our library's indispensable role in the community. Their generous decision to offer their building underscores the shared commitment to

enriching community life.

Currently, our partners are focused on assessing the structural renovations required to transform this charming space into a state-of-the-art public library that meets—and exceeds—provincial standards. This detailed needs analysis involves collaboration with both governmental and non-governmental partners to ensure every aspect of the library's design is considered and catered to.

The municipality is actively working with Englobe Engineering on the details. An initial consultation has been completed and a list of requirements for code and necessary renovations was provided. This nearly 100-page document was reviewed to combine the needs of the building with the needs and requirements of a public library.

At this time, the municipality has returned to Englobe to help price out the various upgrades, including floor supports, sprinkler systems, and accessibility upgrades. As you can likely deduce, these will not be cheap fixes! Your library board is currently looking at some promising funding opportunities to help the municipality cover the costs. Realistically, this work will cost hundreds of thousands of dollars and the municipality has assured us of their commitment to do whatever they can to see this project through to completion.

These processes are meticulous and time-consuming, but they are crucial to making sure that our new library will serve our community effectively for decades to come. We ask for your continued trust and patience as we work towards this goal. We understand that supporters of the library may be looking for ways they can assist in this process so we have developed a list:

- Write letters to our representatives to remind them that you are eagerly awaiting the return of our public library and encourage them to secure federal and provincial funding. MLA

Ross Wetmore ([Ross.Wetmore@gnb.ca](mailto:Ross.Wetmore@gnb.ca)) and MP Rob Moore ([Rob.Moore@parl.gc.ca](mailto:Rob.Moore@parl.gc.ca)) would be the best contacts. You can also mail them at Rob Moore, 599 Main Street, Suite 104, Hampton, NB E5N 6C2 or Ross Wetmore, 52-B Babbit Street, Gagetown, NB, E5M 1C7.

- Continue to support our neighbouring libraries and make use of the online resources available to you by visiting their website at <https://www2.gnb.ca/content/gnb/en/departments/nbpl.html>. Sussex and Salisbury are excellent locations to visit in person but the summer reading program is province-wide and you can also request books by mail! You can find all that information in the link provided above.

- Write testimonials! I will be happy to collect written testimonials to use in our requests for funding. You can send them directly to me at [terimcmackin@gmail.com](mailto:terimcmackin@gmail.com). Tell me what you miss about the library, what you love, the services you used, and how excited you are to see it return. Pictures would also be welcome!

- Show patience and respect to our municipal leaders as they are willing partners in this effort. If you have questions or want to send a letter of encouragement during this process, you can do so at [office@threeriversnb.ca](mailto:office@threeriversnb.ca).

- Keep talking about the library! Encourage your friends to sign up for library cards and speak of libraries positively.

- Read! Instill the love of reading in future generations and let them see you enjoying a good book.

We are eagerly looking forward to the day we can open the doors of the new public library and welcome everyone back. Thank you for your support and understanding as we build a space that will continue to inspire, educate, and connect us all.

Warm regards,

Teri McMackin

## Comedy at Large

by Laurie Blanchard Salisbury, NB

I was reading in a book called TRUE FACTS, that boogers are dried up snot. That I already knew, however, I had no idea that they're packed with all kinds of debris you've breathed in, including dust, pollen, germs, bacteria, sand, fungi and smoke. Needless to say, there's a lot of stuff going on in there ! It makes you admire a booger a lot more as you snap your fingers to fling it away and hopefully not on the floor in your house. That is better done outside and if your aim is good, perhaps nail a spider as it works on it's web.

Also in that book, some scientists say the average office contains 300 times more germs than on a toilet seat. They say there are 20,000 microfibrils in every square inch of an office desk. Some say that there are even more on a car steering wheel. I think it would be best to work remotely from home and drive a car that is fully automated.

Sunchoke is a vegetable you will not find at your regular grocery store. It is related to the artichoke family, looking somewhat like a deformed potato. It is rich in prebiotic fibre. It's reported that if you eat this veggie raw, it is notorious for causing uncontrollable flatulence to the highest degree! So then, if you are claustrophobic and cannot stand being in a crowd, be it at a family potluck, at a dance hall or perhaps at a big company Christmas party, consuming this vegetable raw will no doubt help clear out a room, with everyone making a beeline for fresh air and in quick order.

# ELGIN NEWS!

The Connectivity

Training for Seniors is on the home stretch, and all the students are doing very well.

And because of this success, the Seniors Center is considering opening the building 1 day per week for 2 hours as a Connectivity Center. Stay tuned for more information on that. As a reminder... classes are free thanks to the New Horizon's for Seniors Program grant. As to what the seniors have been learning, the bulleted points below are from <https://seniorsafetyadvice.com/>

- Educate yourself on new scams
- Make your passwords strong to decrease the chances they can be cracked
- Be careful when entering personal information on unfamiliar websites
- Always have a secure internet connection
- Install an antivirus and malware program on your computer
- Regularly update the drivers and software on your computer:
- Secure Wi-Fi Networks
- Avoid clicking on links in your email
- Be careful of what you download and where you download it from
- Be careful about purchasing items

through social media sites

It becomes more and more difficult to conduct business such as banking, license renewals, tax inquiries, and benefit information, to name a few, it becomes increasingly necessary to be online savvy. *Give me, June Crandall, a call at 506-756-8443, to register for connectivity classes. New classes are forming in September on Wednesday afternoon. We will hold 1 class per week from 2 to 4pm.*

As for the summer sale, the Seniors Center have a lot of great items priced for sale, and all prices are negotiable! We try to be open on the days when there is an activity going on in Elgin including events at the Center, so the next **Flea Market Day will be August 11.**

Mark your calendars, the Seniors will be having their annual **Cold Plate supper on August 24.** Call **Brenda Martin at 506-756-2369** to reserve your meal. Watch Facebook for more information and updates.

Finally, some great news... the **Adult Health Screening Clinics** are coming back to Elgin. The first of three clinics will be on **October 2 from 1 to 4pm.** This is very exciting because Horizon Health is very much understanding the needs of the community. Make sure you mark your calendars for **October 2, November 6 and December 4.** Call me at 506-756-8443 if you have any questions.

Kids at the Park has started. Each Monday morning from 9-11am and Tuesday evening from 6-8pm. Our summer student has activities set up at the park for children to take part in.

Our first, music night got rained out, but the second one was a big hit. It was a beautiful summer night. We had Pier 19 and Warm on the Bottom play into the evening. The crowd enjoyed their music and look forward to our next music night. Everyone was treated to a hot dog by donation. Kids night coincided with music night. We had

several families come out and enjoy the park and kids activities. The water sprinkler was a big hit. It was nice to see everyone out for a great evening of fun. We estimated that we had 100 people in attendance. Watch our Facebook page for the next music event.

Check out the great job Nixon did painting the gazebo.

The red and black currants are ready to be picked at the park.

Summer Camp will start July 22- July 26. We have 11 students attending.

Our new bike trail is coming along quite nicely! Thank you Colton. We are asking that people purchase a trail pass to help support ongoing trail building.

The next meeting will be held August 1st at 7:00 at the WI hall in Elgin. Everyone is welcomed.

## PETITCODIAC KIWANIS NEWS

A big shout out to the village of Agriculture Fair. Stop by our outdoor canteen for our popular poutines, burger, fries, onion rings and more!

August 17 will be our annual Cold Plate Dinner. In conjunction with the Petitcodiac Legion, takeouts are available for pickup between 4-6pm at the Petitcodiac Legion. Delivery is available within the village limits. Dinner includes ham, potato salad, turkey salad, coleslaw, roll, and dessert...all for just \$12. To order call Ann 506-756-8998, Brenda 506-756-2257 or the Legion 506-756-3383. Order deadline is August 16 at 6pm.

Interested in getting involved in your community? Check our Facebook page to see what we are up to. Call Len at 506-434-2233 for more information on joining the Kiwanis Club of Petitcodiac.

On June 18, we met for the annual Kiwanis get-together. Thank you to Rick and Tanya Brown for opening up your beautiful backyard to us. That evening, some special Kiwanians received awards. Stan Lounsbury received the Mel Osborne Fellowship, for his contribution and involvement to the growth and work of Kiwanis. Dan Pollock, was presented with the honorary "Charlie Howatt" Award/pin which goes to a member who has given 50 years of their time and service to Kiwanis. President Len Dunfield was awarded

the Kiwanian of the Year Award for his service to Kiwanis and his community. Great food and some entertainment by Dave Pike rounded out the evening, with a little dancing too.

At our June meeting, we donated \$1000 to The Pantry to help subsidize local food boxes.

On June 22, our outdoor canteen was busy serving the hungry Music Fest concert goers.

While this edition is going to print, you will have found us at the Codiak Classics Car Show & Shine on July 28, taking place on Main Street. We will be having a BBQ, feeding all the hungry car enthusiasts.

## ELGIN WOMEN'S INSTITUTE

### "Agriculture In The Community: Bring It Back To Our Roots"

The last several articles written for this paper have provided a few details about the history of the Elgin area and the beginnings of the Elgin Women's Institute. Of worthy note is the Agricultural Society formed in the early years. If you recall, the beginnings of the Women's Institute movement began with encouragement from the Agricultural Societies across Canada. The following is taken from an article published in the Chignecto Post, October 19, 1882:

".....the annual exhibition of the Agricultural Society took place with a fine day as special inducement for the farmers to be seen urging their way towards "the Corner: each with "a big ox" or "a big calf" before him, and with "a big potato" in his pocket, and lucky was he with a "big family" for at no other time could its members be so utilized as on "fair day" in the transportation of produce to and from the show."

"At noon between three and four hundred persons had assembled to note the progress made by each other

in agricultural pursuits and to guess the weight of each other's horses."

Because the annual **Elgin Day** is being held on **Sunday, August 11** we want to encourage you to attend the events being held at the EWI Hall in keeping with an agricultural focus. Also venues such as the Elgin Eco Park will feature other activities.

Here is what we are featuring at The Hall this year:

- Food dehydrating demonstration.
- Food canning presentation.
- Free ice cream sundaes with various toppings....strawberry, blueberry, maple syrup, etc.
- Garden art exhibits and contest.

Exhibits should be crafted from recyclable items such as tin cans, plastic bottles, etc. Open to age categories 6-10, 11-15, and 16 and older. **THINK RECYCLING....**Nothing goes to waste!!! The public will be asked to vote for the favourite exhibit in each category. Prizes will be awarded. Let's make this a huge attraction for Elgin Day.

See you on **Elgin Day, August 11**

# Petitcodiac Area Garden Club

Hello Gardening Friends! What a difference a year can make in the life of a gardener. This year many gardens went in early and are already producing lots of fresh vegetables. The common theme is that plants are growing beyond everyone's expectations, which after last summer is renewing the passion for growing. Of course, with such robust gardens, comes lots of work to keep them healthy. The Community Garden has been a busy spot over the past month, including an interview with ATV News! If you missed the segment on June 27, search "N.B. Community Garden gives back amidst rising grocery costs." Online for the video and full article. Karen Hall-Middleton, Ward 3

## Butternut Valley Council Meeting

There will be no Council meeting in August and Council will resume on Tuesday, September 17th.

### Free Wi-Fi Pilot Project

Did you know that many residents in Butternut Valley either don't have access to home internet, or the type of internet that is available, is just too expensive? For the next 6 months, Butternut Valley will be hosting free Wi-Fi sites in the parking lots of three community buildings (Canaan Community Hall, Grand Washademoak Lions Club and Smiths Creek Hall). If you need Wi-Fi, just pull in and grab some on us!

**Garden Club: cont.**

Councillor and Garden Club chair, and Vicky Crossman, SPOT Manager shared about the Community Garden and the impact it has in the community.

Work continued at the Train Park throughout July - what a fabulous addition to the beauty of our community. To the surprise of the Garden Club the newly added Caboose, simply arrived one day as a gift to the community! Many thanks to Joyce Barbour and her team for the work that has gone into this park. If you are passing by, stop and look around. It's a great spot to enjoy the sights and sounds of summer in our community. Of course, the accessible walkway around the Community Garden and the Holmes Brook Observation Deck

are also great locations to spend time enjoying nature.

For those with Facebook, there are a couple of Gardening groups, in addition to Petitcodiac and area Garden Club page, one that several of our volunteers have joined is Gardening in New Brunswick Canada. This is a great resource if you have questions about all types of gardening, want to learn more about what others are having success with, or simply chat online with other gardening enthusiasts.

If you prefer to chat with people face-to-face, you will find our volunteers at the Community Garden on Wednesday evenings from 6:30 - 8:30pm (weather permitting). Stop by for a chat or to pull a few weeds.

For the latest news and upcoming events, join our Facebook page Petitcodiac and Area Garden Club. For more information on any of our activities or to join our team of volunteers, call Cathy Drury 506-756-2068 Karen Hall-Middleton 506-756-8224

**From the Desk of Your MLA  
Ross Wetmore, Gagetown - Petitcodiac**

Back in January or maybe February most of us either said, or heard someone say, 'You just blink and it will be August'.

It seems like it wasn't even a complete blink and here we are.

I hope you have been enjoying summer 2024 and experienced some of the many sights, sounds, festivals, flavours and celebrations we enjoy during summertime in New Brunswick. Vegetable gardeners have started celebrating the first beans, potatoes and carrots with hodge-podge, and flower gardeners continue to celebrate and share beautiful blossoms.

Our celebration season seems to begin with Victoria Day weekend and last through Labour Day, with our national and provincial celebrations in the middle. Celebrations are important, large and small, as they lift our spirits and maintain hope and optimism.

Maintaining hope and optimism has been a chore at times, when it comes to the new Petitcodiac Health Centre. That hope and optimism got a boost on June 25th when Horizon Health announced construction timelines, with construction beginning in the spring of 2025 and completion early in 2026.

As I may have mentioned repeatedly, I will join those who

celebrate when the doors open and the first patient is seen. Until then, thank you as always to those patient folks who have been pushing for this new health centre and maintaining hope over the last decade and then some.

As I said earlier, we find ourselves in the thick of the dog days of summer, named for Sirius, the Dog Star. So far, this year's dog days have lived up to their reputation of hot and humid weather.

On the subject of dogs, it bears repeating and reminding dog lovers who plan to travel into the United States of the changes coming to the U.S. border on Aug. 1 from the American Centers for Disease Control (CDC). Media reports quote dog owners as saying it is complicated and involved. Knowing before going might save you, a loved one or a friend from lost time and frustration at the border.

I will close by suggesting you enjoy an afternoon or evening at one of the many motorsports events we have happening all summer throughout New Brunswick. From racing, to pulling, to shining, to showing, New Brunswickers love the people and machines of our motorsport community!

Thank you for your continued kindness and support.

Hello from The Pantry!!

Summer is well under way, and it shows with all the beautiful & fresh produce we have available each week. We are thankful to have a space for the local farmers in our area to showcase their hard work. But The Pantry isn't just for Farmers, we also work with many different local crafters, food

producers and other local businesses to help make it the "hub" it is today.

We want to give special thanks to Laurie Stewart & Food Depot Alimentaire who have recently partnered with us to ensure we always have food to give away for free, through our community table and fridge. This project helps enhance food security and reduces food waste, which is a part of our mission here at The Pantry. It's so great to see the food being enjoyed. A senior customer of ours recently commented about the price of food and how helpful it is to be able to come in and grab a couple things for free. She

said she told a friend and they said, "Wow, its free? You don't hear that often anymore". It's so true that not much is free anymore, but something that will always be free is being kind and looking out for your neighbours and community. We are glad that those values still exist in Petitcodiac, we are so lucky.

Speaking of kind, we had some very thoughtful local businesses join as sponsors this year for our Local Food Box Programs. Huge thank you to Kiwanis Group of Petitcodiac, Graymont, Community of Three Rivers, Lindsay Brown Barrister & Solicitor, Mallard Transportation Services, The Anglican Parish of Salisbury & Havelock in Petitcodiac and Burgess Transportation for their support!!

These programs are unique because we purchase all ingredients from local farmers, and we use our "Pick your Price" payment system. This allows the customer to choose a price and we subsidize the cost with the help from our sponsors. These programs are

open to everyone in the community! If you love eating healthy & local food, we encourage you to sign up!

We are having a blast hosting the Petitcodiac Farmers Market every Thursday night from 4-8 at Veterans Park on Main Street. We have a great group of local vendors attending each week. Be sure to stop by and check it out and support local. The market will run until the end of September.

Don't forget to check out what the girls in The Pantry Kitchen make each week. There's always something delicious and ready to go for lunch or supper.

Wishing you all a lovely summer and hope to see you soon, at The Pantry!

# SALISBURY LION'S CLUB

At our Salisbury Lions Club meeting on June 27, 2024 we inducted in six new members to the Salisbury Lions Club! Dan Killam, Brodie Lewis, Tyler Spirritts, Ron Taylor and Connie Colpitts and Lion Mike Arbeau who is joining us coming from the Dalhousie Lions!

The Salisbury Lions Club wishes to extend a huge Thank You to the Burnham Family for their Generous Donation of all proceeds from the Burnham Homestead Sale.

Fenwick Burnham served alongside our Salisbury Lions for over 30 Years helping make Salisbury a better place to live. Our Lions are grateful and humbled by this beautiful gesture by the Burnham family. We were honored to work alongside the family at the sale remembering a great man who will not be forgotten.

We miss Fenwick every day and are thankful for the legacy he has left.

At the Lions June Pancake and Sausage Breakfast the SRS Senior Boys Basketball Team and the SRS Cougar worked alongside our Lions volunteering at the breakfast. Our Lions have a long history of mentoring our area youth and developing "Tomorrows Leaders Today". Equally as important as our Youth learning from our Lions, is our Lions learning from our youth. This allows our Lions to understand the needs of our younger generations as they serve our community. Thanks to the SRS Sr Mens Basketball Team for volunteering!

At our June 27th meeting, Lion Ivan Foster received a plaque for his service on the Board for the Lions Villa from Lion Don Purdy. Ivan is stepping down from the Board effective this fall and deserves a huge shout out and Thanks on Serving in this capacity and making our community a better place to live! **Petitcodiac Royal Canadian Branch #41 - Crib League Report**

The crib league of Royal Canadian Branch #41 in Petitcodiac recently held their closing banquet to honor the success of players this year. With 20 teams (40 players in all) plus spouses and guests, we dined on a delicious chicken dinner with friends and family. During the year the Crib League donated \$325 in memorials for our deceased members Bobby McCully and Sue Stephens. These donations went to the Roof Fund for the Legion. In addition we collected and donated \$190 to SPOT at Christmas to help in their work in the community. And when all our yearly expenses were covered, we donated an additional \$1,881.25 to the roof fund. This year we had 45 recorded 24 hands plus 3 people who recorded 28 hands. Congratulations to all of those players. Looking forward to having another successful crib league starting in October. Watch for notices in Petitcodiac Happenings on League registration for 2024-2025 crib league.

**THE PUPPY AND THE BIRD NEST**  
 Prince, a little snub-nosed puppy, was wandering around the garden. He

saw an object that was exciting. It was a bird's nest. Prince scampered over to it, and peeped into it. There were three baby birds in it. The parent birds were flying about, making a great deal of noise. They were afraid Prince would harm the baby birds.

was waiting for his master, Andy. Andy was planning to go to the ball park to play baseball, and Prince hoped Andy would ask him to go.

Prince thought it would be fun to dump the birdies out on the ground to see what they would do.

But prince had been a mischievous puppy that morning. Instead of drinking his milk neatly, he had jumped around the kitchen, skidded into the bowl, and splashed his milk onto the floor.

"But then, I would be bad again," he told himself. So, instead of getting into trouble, he decided he would get Master Andy to put the nest back up in the apple tree. He barked at the kitchen door until Andy came out to see why he was barking, then he led Andy to the fallen nest. Andy put it back into the apple tree, while the big birds chirped and swooped around him. Then Andy said, "Good dog, Prince! Come along with me to the ball park!"

"Shame on you, Prince," Andy had said. Andy opened the door and put Prince out.

"Arf" said Prince, thinking to himself, "Why can't I behave?"

"Arf!" said Prince, happily.

He wandered to the end of the garden, near the apple tree. There he

**After the Rain**

by Gloria Scribner

My garden was crying for water. The watering can a threat to my aching joints; when, almost like magic the sky darkened and clouds burst like grey pinatas with a downpour of sweet, cool raindrops. I'd mislaid my umbrella, so the walk to the car left me saturated. I had an appointment in town, so "duty called". But when the deluge subsided and I headed back home over Steeves Mountain, I rode above the fog-strewn vale. I had to stop the car and just "stare" at the awesomeness of God's masterpiece almost from "His" vantage point.

Early next morning I marvelled at the heavy "rain-soaked" blossoms of the roses against the old pole fence, the golden droop of dandelions spread across a lawn where butterflies came "out of hiding" and danced in the shadow of the pine. The poplar leaves

giggled in the warm summer breeze as shiny crows with ebony wings waited on branches for my morning ritual of breadcrusts. Robins plied the lane for fat worms while one black cat lay eyeing the sparrows who managed to out-wit him. (Their wings on "auto-pilot").

A rainbow stretched itself across my morning and painted the meadow landscape in "hues of heaven" above a cool aftermath of artistry where angels "come and go" unseen, yet more visible than any reality in God's garden.

I missed the early morning sound of the school bus coming to a halt beside the neighbours' driveway and the memory brought a lump into my throat and a tear to my eye, for I visualized the camaraderie of my own grand-children with their giggles of summer and sighs of summer dreams and plans of sweet release from classrooms, lunchrooms, and homework, as freedom comes down. I remembered an old poem I penned long ago that dances through my memory and tugs at my heartstrings:

Roses are climbing the maple tree  
 Clinging as tho' they belong  
 Small feathered choristers strike up a melody  
 Filling my heart with their song  
 And living goes on in this workaday world

While I, as though nothing is wrong  
 Abandon the icy cold mem'ry of winter  
 I hurry the summer along  
 For hope is the fairest of flowers in summer  
 As raindrops illumine the day  
 With diamond-laced promises love is in blossom  
 As God whispers "You'll be O.K."

## River Glade Speedway - Where It All Started

Setting the stage for stockcar racing and the birth of River Glade Speedway. Ernie McLean, a New Brunswicker from Chatham, became involved with the sport of Stockcar racing, while living and working in the Port Credit area of Ontario. In 1957, he began attending races at Pinecrest Speedway with his step father, Clarence MacEachern, there he met Jim Hallahan, a legendary racer, who sold him his 1st stock car, a Jalopy, and Ernie got the bug. In 1959 Ernie started racing at tracks in the Ontario region including, racing at Pinecrest, Flamboro, Sutton, Nilestown and the CNE was the last race he raced in Ontario, with a Late Model stockcar he built himself.

In 1964, at age 27 the desire to return home, build a stockcar track, and bring the Ontario style of racing to New Brunswick. On the May long weekend, Ernie with his family moved to River Glade. He became employed with Drury's Transport, Petitcodiac as a

mechanic and bought a farm near River Glade, on the site of the present River Glade Speedway. Ernie went about drumming up interest with meetings, posters and talk. He also started to build a quarter mile track out "behind the barn".

The Sport of stockcar racing in the Maritimes was, for all intents and purposes, dead, on August 21, 1964.

Finally, on August 22, 1964, the first race at the new facility was run, with the help of friends, and it was an "immediate hit". The track was dirt, a quarter mile carved out of Westmorland County farm land, to imitate Pinecrest Speedway. Posts and cables served as fencing. There was no concrete retaining wall. Announcing and scoring was done from the back of the truck that Ernie moved back to New Brunswick with, parked near the finish line. There was no flag stand. Herman Berry Sr. flagged from the side of the track. 314 fans came out to see Raymond Sears win the first race. Fans paid \$1.00 as they drove into the field to park. Spectator comfort was still in the planning stage.

But the show went on! That day eleven drivers shared a purse totalling \$195.00. In all a total of 40 drivers

participated on the cards that first season. Ray Carson was presented the Earle Ross Trophy, as the "Most Skilled Driver" of that season, Donated by a sports announcer Earle Ross at CKCW radio, not the racer Earl Ross. The announcer's favoured saying was "It doesn't matter if you win or lose, it is how you play the game."

### Race Results of that first race day:

**1st Heat**  
86 Raymond Sears  
26 Mervyn Symes  
10 Dave Fawcett

**3rd Heat**  
26 Mervyn Symes

3 Tom McCluskey  
**26 Mervyn Symes**  
64 Ray Carson  
86 Raymond Sears  
33 Ken Horsman

Following is a partial list of 1964 drivers, not in any particular order:

Gordie Halpin, Tom McCluskey, Bernie Ryan, Bunnie Ritchie, Claude Bannister, Rand Clerke, Caleb Dunn, Ken Johnson, Humbert Becket, Mervyn Syme, Bunny Langille, Tait Taylor, Ken Horsman, Gerald King, Larry Horsman, Norm Masters, Lloyd Blakney, Ray Carson, Larry Doiron, Ken Brace, Raymond

Sears, Lonzo Gauvin, Lewis Hansen, Darryl Nicholson, Emile LeBlanc, Gordon Beers Donnie Beers, Defanzo, Ronald LeBlanc, Bob Charter, Ken Trites, Paul Goguen, Fran LeBlanc.

### THESE RACERS CARVED THE WAY FOR THE RACERS OF TODAY!

In 1965, Ernie took on a partner, Jerry Campbell, and the two remained partners until 1975.

Jerry, from Salisbury, New Brunswick, was also working in the Port Credit area. He started his racing career in 1961, driving a 1947 Ford coupe in the jalopy class at Pinecrest. In 1962 he moved into the super-modified class. He drove for two years at Pinecrest, Flamboro, CNE, Bridgeport and Delaware Speedways, plus others. When Pinecrest changed to the Late Model Class of race car, Jerry raced a 1955 Ford Late Model.

They formed a company with track founder Ernest McLean as president, Jerry Campbell as vice-president and Winona McLean as secretary-treasurer.

And the sport flourished. Many changes were made in the speedway for the 1965 season. Modern Construction was

hired to pave the track, (making it the first paved track in the Maritimes), Clarence Carter of Carters Utilities and his staff designed and installed lights, built the track lighting system, Clarence MacEachern came from Ontario to construct grandstands to seat approximately 1000 spectators, canteens, a tower, washrooms, ticket booths. Post with guardrail was installed around the track. Race time was switched to evening at 8:00pm from the afternoon. More spectators became race participants. There was a lot of learning for the drivers, fans and the promoters.

Bob Steeves was the announcer, Herman Berry started the season as Flagman, Jerry Jones was Handicapper, Carol Jones was scorer, Austin Geldart used his wrecker to remove cars from the track after they wrecked, also Ellston Coats used a wrecker. Ken Brace started flagging September 11th as Herman wanted to race.

The racing tires were built and purchased from Holmes Tires in Amherst. The first point champion, receiving the Lanes Bakery Trophy, was Caleb Dunn, a cagey veteran of the old Moncton dirt track days who adapted to the sleek, fast asphalt with ease. He finished the season with 13 wins, had 14 seconds and 4 thirds to finish with 136 points.

1965 the first "extra distance" event in the Maritimes was held. It was the inaugural River Glade Speedway "International", then a 75-lap event The winner of that first race was John

John Shirtliff, Winner of the 1965 International.

Shirtliff from Toronto, Ontario with his Chevelle. The winners list since then reads like a "Who's Who" of racing. Drivers from Pinecrest towed to River Glade and from all around the Maritimes to compete in the International. This is the "Big One", the one the drivers gear for.

1966

A 2 1/2 foot concrete retaining wall was erected around the outside of the racing surface, before the 1966 season began, more grandstands were built and canteen facilities enlarged.

1968

Prior to the 1968 season more grandstands were constructed bringing the crowd capacity to 5000.

### Some canteen prices in 1968:

Chocolate Bars .10,  
Peanuts .05 & .10, Gum .10,  
Chips .05 & .10, Hot Dogs .25,  
Hamburgers .30,  
Ice Cream Bars .05 & .10.

Dale Earnhardt at River Glade Speedway

In 1988 Ernie brought NASCAR's late Dale Earnhardt and in 1989 Alan Kulwicki to race at River Glade Speedway.

After they had celebrated their 30th anniversary at the track in 1994, Ernie announced it was time to move on and that he had sold the track to Pat Rodgers

Pat and Shelley sold the River Glade Speedway May 21, 2005 River Glade Motorsport Park Ltd. Herman Berry jr., Mike Waldell. Herman ran the Speedway until 2009.

Over the years drivers came from all over to race at River Glade Speedway- New Brunswick, Nova Scotia, Prince Edward Island, Ontario, Quebec and from several US States. Maine, New Hampshire, Vermont, Mass, New York, Connecticut, RI, North Carolina, Wisconsin

Bringing the thousands of people into the sport of Stockcar racing in the Maritime Provinces and leaving it to grow as the years pass by.

## MEMORIAL

Jerry Gallant  
 1950-2022

You had lots of nicknames. Jer, Jerry, The Bear and the one you earned, Dad.  
 Thank you for stepping up and into our lives and being the best Dad anyone could ever ask for. You made us a family.  
 Traditions, quarrels, jokes and memories and thankfully, a fashion sense that just stayed with you, because yes, there is a limit to how many prints/patterns and colours you can combine in one outfit.  
 You taught me sooooo much .... to find what you love to do is key, to push yourself to learn and grow daily, the importance of 'failing forward' and to celebrate your wins. Still working on the whole 'make time for family, friends and life, not just work' but maybe one day. To be able to share goals and accomplishments no matter how big or small ... you were our number one cheerleader and I would give anything to get one last jab on the shoulder, see you smile and hear you say 'proud of you kiddo'.  
 We did have that bet that when I was taller than you, it was time for you to move out .... I would prefer to think I just won that bet and you're off in Alaska, taking your dog on hiking and fishing trips.  
 I miss you, I love you. Forever your kid.xoxo  
 Steph Ogilvie's Good Bye to Jer

**Legislated or Shared?**

There have been recent news reports from our neighbours to the south that some states have legislated mandatory Bible teaching in the public school system and for the 10 commandments to be displayed at public schools.

I have mixed feelings. From a Christian perspective, it looks promising that possibly some leaders may be realizing that the current situation in our Western culture is due to the fact we have turned away from God for the past few decades. I personally believe the current culture of division, hatred and anger is the result of that turning away.

But I don't believe that we can impose Christianity on anyone. Yes, legalistic religion can be imposed on people, and it has been done throughout history and the results are rarely positive. True Christianity is a very personal thing. I cannot "give" it to anyone else. I can teach it, share it, explain it and discuss it, but the other person must accept it and adopt it as their own. It is a personal spiritual relationship with God brought on by what Jesus Christ has done for them.

Paul told the church in Ephesus that *"For it is by grace you have been saved, through faith—and this is not from yourselves, it is the gift of God—not by works, so that no one can boast."* (Ephesians 2:8 and 9) He was saying it cannot be legislated, earned, bought or sold, but is a free gift of God.

So while it may seem encouraging that the Bible may be brought back into our culture, at least in some states in the US, what we really need is the hearts of people coming back to God. Not forced or coerced but drawn in by the Love of God and His people, the Church.

Jesus told His followers: *"Don't you have a saying, 'It's still four months until harvest'? I tell you, open your eyes and look at the fields! They are ripe for*

*harvest."* (John 4:35)

Look around and see the lonely, divided, lost, and frustrated people who have no hope and very little joy. Jesus was right. The fields are indeed ripe for harvest. Spread the word that God is still in the business of saving lives and bringing hope and freedom. Lovingly share your faith with someone in your life. Christianity is meant to be shared, not legislated.

**Amphitheatre to be Constructed in Highland Park**

*con't from front page*

...land that will nearly double the upper-level of Highland Park; - The installation of 3D signage that, for 2024, will provide an interpretive experience related to the community anniversary and for future years, continue to be a permanent asset commemorating this important project and to serve as a marketing tool for the Municipality.

To support this project, the Department of Canadian Heritage is contributing up to \$457,015 towards park improvements through the Legacy Fund component of the Building Communities through Arts and Heritage Program. For the amphitheatre component specifically, the Government of Canada will be contributing an additional \$107,000 through the Atlantic Canada Opportunities Agency (ACOA)'s Tourism Growth Program and

the Government of New Brunswick will be contributing \$107,000 through the Regional Development Corporation (RDC)'s Community Development Fund.

For land acquisition, the Town has also partnered with the Fundy Biosphere Region for a contribution of \$39,300, given the Park's ability to immerse residents in nature. The Town will be leveraging the investment of over \$700,000 and will be making a contribution of approximately \$275,000 through the Town's Operating Budget and using the Canada Community Building Fund (CCBF) for the amphitheatre, land acquisition, signage, and mural installation. Construction of the amphitheatre has been awarded following a public bidding process. Work is expected to begin on or around July 2, 2024, and be completed in the Fall. An official unveiling of the new asset will be planned upon completion.

**Common Sense Health**

**W. Gifford-Jones, MD and Diana Gifford-Jones**  
**The Right Medicine on Hand Could Save a Life**

Summer means different things to different people. But a glimpse into the Gifford-Jones archives suggests some things about summer never change. A vintage article from 1977 called on readers to pay heed to problems that can arise at the cottage. And it remains true, summertime is a dangerous season - especially for those escaping into the great outdoors.

People get into all sorts of trouble during vacations. Some become critically ill and should be rushed to hospital as soon as possible. But there are other occasions when having the right medicine nearby is lifesaving.

It has been said that he who treats himself has a fool for a patient. But if you're on a canoe trip or at a cottage far away from civilization, medical improvisation may be the game you find yourself playing.

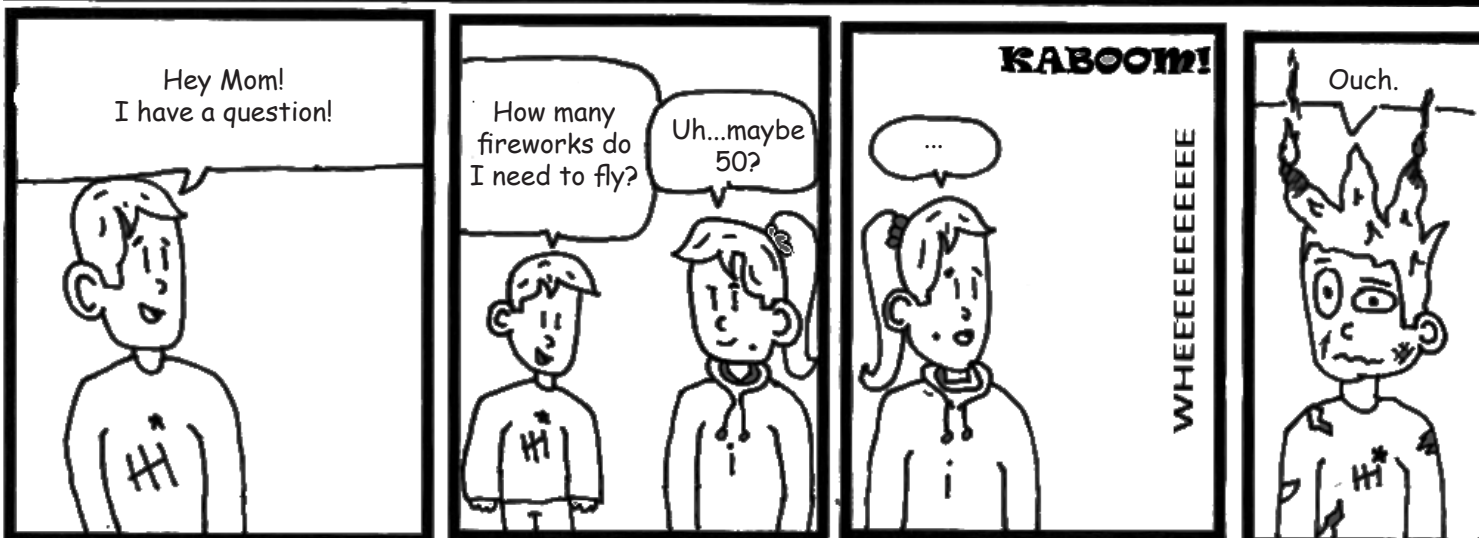

Every summer, the absence of easily acquired provisions costs the lives of some vacationers. So take the time to prepare a kit outfitted with common medications and supplies.

Encounters with animals are one concern. Run-ins with big ones, like moose or bears, are rare but dangerous. A simple noise maker might be all you need to avoid surprising mama bear and her cubs. But for most vacationers, it's smaller creatures that cause big trouble, like the stings of wasps, bees, yellow jackets and hornets.

Chances are very slim that a death will occur. But this is the fate of about 100 North Americans each year. If a child or a friend were to be stung

### Celebrating Salisbury 250!

The Petitcodiac River is one of the most significant elements in Salisbury's history. Originally named Epetkutogoyek (meaning "the river that bends like a bow"), the river has served as a landmark, a method of transportation, a necessity for early survival, and a home to many; and we know this cannot be taken for granted. As discussed in February during our conversations on transportation, we learned that the river was fundamental in the decision to settle here. Before the Yorkshire settlers arrived in 1774, the Acadians inhabited this area along the river, following the lead of the first indigenous settlers of the area. Many sought shelters along the bank to benefit from the rich soil, food and nutrient supplies, transportation, and navigation. Throughout history, the Petitcodiac River has been home to many species of fish, plants, and mammals. Pictured above is a group of pilot whales

that washed ashore along the bank of the river in Salisbury (taken in 1932). In modern days, many continue to advocate for the well-being of the river and its ecosystem. As we have learned in part with the Salisbury 250 Banner Program, Chief Joe Knockwood is a prominent name associated with this advocacy, with his vision for removing the Petitcodiac River causeway, which led to Fort Folly's efforts to restore the endangered Atlantic Salmon to the Petitcodiac River. As we celebrated the Petitcodiac River in July, we celebrated its legacy in the Salisbury area, acknowledging its prominence in our history.

### Rezoning Request - Public Hearing scheduled for August 7

The Town of Salisbury has received an application to re-designate a portion of Residential (RU) Zoning to Village Centre (VC) to permit multi-unit dwellings, specifically up to three (3) six-units and two (2) eight units, on Dundee Drive (PID 00816140). This application involves a proposed re-zoning, a Municipal Plan Amendment, and a text amendment to change the minimum lot area requirements for multiple unit dwellings to match Provincial regulations. Following an introduction of a re-zoning application on June 24, 2024, Salisbury Town Council set the Presentation for a Municipal Plan Amendment for the Regular Council Meeting on July 8, 2024. In light of the application, there will be a public hearing for any person wishing to speak for or against the proposed amendment and application. The Public Hearing will be held at 7:00pm on Wednesday, August 7, 2024 at the Municipal Office (56 Douglas Street, Salisbury). Written comments in favour of or opposed to the application can also be forwarded, in writing, to the Town Clerk at clerk@salisburynb.ca. The full public notices, which include the preliminary presentations made to Salisbury Town Council at recent meetings of Council, are available on the Town's website: <https://salisburynb.ca/notice-of-public-hearing-to-amend-municipal-plan-and-zoning-by-law/>.

### An Indoor Recreation Facility? Have Your Say!

The Town of Salisbury has launched a resident survey as part of the ongoing work to undertake a Feasibility Study on an Indoor Recreation Facility. The survey can be accessed on the Town website (here: <https://salisburynb.ca/have-your-say-recreation-facility-feasibility-study-public-survey/>) or in-person at the Town Office or the Salisbury Public Library. The Feasibility Study will aim to identify costing, types of spaces in the facility, space requirements, potential locations, usage needs, and more. This Study is being undertaken following the Recreation Master Plan, adopted earlier this year by Salisbury Town Council.

**New By-Laws Enacted**

At their July 8 meeting, Salisbury Town Council gave third and final reading to four new by-laws. The majority of the content of the new by-laws reflects existing Provincial legislation that is already in effect in New Brunswick, including in former Local Service Districts (LSDs). Proceeding with these, as well as further by-law review, is a process to update former Village By-laws and reflect the new municipal boundaries, without placing unnecessary regulations and/or restrictions on former LSDs. Residents are encouraged to consult the By-laws in full, and read the summaries and Provincial legislation to gain a better appreciation that these By-laws will have limited material change for residents beyond what is currently in place and/or standard practice:

- By-Law No. 9, A By-Law Relating to Dangerous and Unightly Premises and Property
- By-Law No. 10, A By-Law Relating to the Establishment of Control of Animals in Salisbury
- By-Law No. 11, A By-Law Relating to Salisbury Fire rescue and The Prevention and Extinguishment of Fires in Salisbury
- By-Law No. 12, A By-Law Relating to Administrative Penalties in Salisbury

All of Salisbury's by-laws, including the four new by-laws, can be found on the Town website: <https://salisburynb.ca/municipal-office/by-laws/>. Meantime, summaries were provided as part of the initial news release during this process: <https://salisburynb.ca/public-notice-introduction-and-consideration-of-four-by-laws/>.

**Employment Opportunity: Administrative Assistant**

The Town of Salisbury is currently recruiting a customer service driven candidate to fill the position of Administrative Assistant. This is a new addition to the Town of Salisbury staff that will be a full-time (37.5 hours per week), permanent position that reports directly to the Clerk/Treasurer, while supporting all municipal departments with different administrative functions. The Administrative Assistant will be the first point of contact for residents, visitors, and stakeholders. This role will have the opportunity to support and contribute to a wide range of municipal projects across each service area with the opportunity to do something new every day.

Deadline to apply: Saturday, August 17 at 11:59PM (Atlantic Standard Time).

Interested applicants should send a resume and cover letter to Dianne Ayles at [clerk@salisburynb.ca](mailto:clerk@salisburynb.ca). Applicants are encouraged to apply early, since interviews may be held and/or arranged on an ongoing basis before the closing date.

A Detailed Job Posting and Detailed Job Description can be read online at <https://salisburynb.ca/employment-opportunity-administrative-assistant/>.

The Town of Salisbury is an equal opportunity employer. Accommodation requests during the hiring process can be communicated by emailing the above-mentioned contact.

cont. from page 25

and have an anaphylactic reaction, you would want an emergency bee sting kit within quick access. A loaded syringe containing epinephrine needs to be injected under the skin. At the same time the victim should swallow a couple of antihistamine tablets.

You don't require a medical degree to diagnose a bee sting or give an injection. The important thing is to have this kit available, and for everyone to know where it is located. Even the world's most brilliant doctor would have to stand helplessly by and watch the patient die if without this medication. Before you leave, ask your doctor to provide you with some broad spectrum antibiotic capsules.

These are not to be used for the common cold. But if someone suddenly develops a boil or a raging fever, chest pain, and begins to cough up copious amounts of sputum, there is a 99 percent chance that these capsules are what the doctor would order.

Holiday time is notoriously hard on the stomach. Many people eat and drink too much causing a transient

gastritis. At other times it results from an infection. Putting the stomach at rest

for a few days is the first step towards a resolution. But you can also help nature by swallowing a few antacid tablets for a day or two. If the upset is accompanied by vomiting, checking with a doctor on treatment options is the best move.

Summer is also a time for injuries, and a support bandage in the medical supply bag will come in handy when someone sprains an ankle. A few tablets of codeine will aid in relieving the pain.

Infection often plagues those who take to the woods in summer. Children, in particular, are prone to ear and eye infections from swimming. Most of these common ailments quickly respond to antibiotic drops or ointment. If they appear to be getting worse, head for the nearest clinic.

Remember to throw in some sunscreen, band aids, antiseptic, aspirins, and calamine lotion for poison ivy, bug bites, and rashes. And always, always, check for ticks when coming in from the outdoors.

Then relax and enjoy your holidays!
